

CPSDA
15TH ANNUAL CONFERENCE
MAY 19 - 21, 2023

Ideas to Action: Innovation Today for Tomorrow's Care

Submit your speaker proposal for the CPSDA's 15th Annual Conference!

We are looking for speakers with dynamic and informative presentations focused on research application, innovation, leadership, and emerging science for sports dietitians working to fuel victory.

The aim for the Annual Conference is to offer high-performance sessions that include emerging research and practical application. Based on membership feedback, the committee is looking for speakers to present on the following topics. We welcome additional topics but would anticipate high interest in these areas:

- Concussion/TBI medical nutrition therapy & injury protocols
- Applied research for supplements including protocols/interventions
- Motivational interviewing i.e. Gen Z/behavior change
- Forming a private practice, contract work
- How to make a big impact on a small budget i.e. small school & mid-major programs & building a D2/D3 program
- DEI topics: i.e. Nutrition for needs for athletes with different cultural backgrounds
- Leadership, mentoring employees
- Tracking nutrition outcomes
- GI health
- Navigating food allergies
- Mitochondrial health
- Performance biomarkers

Conflicts and Disclosures of Interest:

It is the aim of CPSDA to provide content of exceptional intellectual quality and ethical substance. All presenters are required to indicate if they have a relationship that, in the context of the subject matter and content of their submission, could be perceived as a real or apparent conflict of interest. This pertains to relationships with dietary supplement, pharmaceutical, food, beverage, or cosmetic ingredient and/or finished goods manufacturers and/or marketers, biomedical/analytical device manufacturers, contract manufacturers, contract laboratories, inventor/co-inventorship of a patent pending or issued, or with other corporations whose products or services are related in any way to the subject matter and content of the submission.

Disclosure is to include any relationship that may bias one's submission or which, if known, could give the perception of bias. Such relationships include, but are not limited to, employment by or receipt of research funds from an industrial concern, ownership of stock, membership on a standing advisory council, committee, or board of directors, authorship of a book of related title/topic, or being publicly associated with a company or its products or services. Other areas of real or perceived conflicts of interest could include receiving honoraria or consulting fees, receipt of gifts, gratuities, loans or special favors (including trips or speaker's fees) or receiving equipment in or out of the context of a research grant from such corporations or individuals representing such corporations. Upon acceptance of a presentation submission, audience members will be made aware of any existing relationships.
